His childhood was spent in Boone county and when he reached the age of eighteen he entered the Masonic College at Lexington, where he received his education. In 1859 he received from the Methodist Conference his first assignment and he delivered his first sermon in the Methodist church at this place. During the same year he was united in marriage to Miss Margaret Curry of Lexington, who died in 1872. To this union six children were born, one of whom died in infancy. Two daughters, Mrs. George McClure and Mrs. Fannie Sports died several years ago, and two daughters, Mrs. William Bray and Mrs. Noah Strader of Blackburn, and one son, Sam Bedsworth, of Grand Pass, survive him.

## BARNES CIRCUS

AMAZINGLY GREAT

Largest and Only Genuine Wild Animal Circus in the World.

"The Show That's Different" is a term given by many prominent critics to the Al. G. Barnes Four-Ring Wild Animal Circus. Just why this show is different can be understood when it is known that the program presented completely upsets the conventional in circosdom, for the reason that the entire entertainment is given by educated wild and domestic animals.

Over 1200 of these animal-actors are comprised in the Barnes troupe. The animals do everything that the human circus performer has been doing. Juggling, balancing, high jumping and diving, acrobatics, posing, dances, drills, ball playing, bareback riding, tumbling, etc., are a part of the things they do. Their proficiency is a remarkable sight to witness. The Barnes Circus also bears the distinction of being the original and largest wild animal show in the world. The cleanliness and moral tenor of its entertainment and business conduct likewise add to the reasons of why the show is "different."

Barnes Wild Animal Circus will be in Lexington, Tuesday August 27th.
